

To Whom It May Concern:

I'm writing this letter to express my concern for my AIR 1 radio station being forced off the air. My family has listened to this station for over 10 years.

As a resident of a local community I rely on AIR 1 daily at home, work and in the car. If AIR 1 were to be displaced by an LPFM broadcaster I personally would be extremely disappointed and so would hundreds of thousands of listeners in communities just like mine. AIR 1 is listened to by people and families that appreciate a positive alternative to all other secular radio stations with non family oriented programs, music, and advertisements. AIR 1 is a radio station that the whole family can listen to and be uplifted by. Service provided by AIR 1 is in the public interest because it encourages wholesome family values and provides more than just music. It is a provider to the community to help those that are in need physically and spiritually.

Thank you,

The Burton Family
